BOOTHSTOWN GIN

Boothstown Gin is inspired by Joseph Evans (1803-1874). A famous botanist and herbalist from Boothstown, highly revered by the local community.

Boothstown Gin is distilled in our own pot still to a traditional recipe, much like the one Dr Evans would have used. We whole heartedly suggest that it is imbibed to restore red cheeks & smile.

If you can hold a tune, we'll happily endorse the singing as well!

Why not take a bottle to enjoy at home?

GIN & TONICS

All served with Fever-tree original tonic as standard, we'd recommend a 50ml "perfect serve" with your choice from our recommended tonics

SPICY & ROBUST

Warm, spicy and earthy, often conquered by traditional spiced botanicals such as coriander, cassia or cardamom, however a number of modern gins use less common ones including black peppercorns or ginger.

RECOMMENDED TONIC

Fever-Tree Indian

Fever-Tree Mediterranean

FRESH & HERBY

Assertive & distinctive often with unusual botanicals offering unique flavours. Many herbaceous gins have a natural affinity with cucumber; try a slice as a garnish instead of lime or lemon.

RECOMMENDED TONIC

Fever-Tree Indian

Fever-Tree Mediterranean

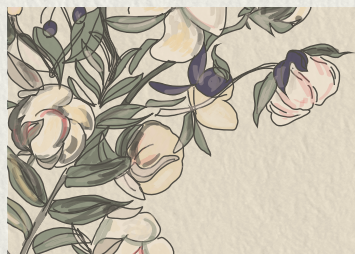

Fever-Tree Elderflower
